[5] Confirming that Ecology of Peace [A] Scientific law — aka Eco Footprint — refers to: [a] Procreation below carrying capacity limits and [b] Consumption below carrying capacity limits; and [B] Cultural Law refers to Fully Informed Consenting Agreements.

[6] Further confirming that Eco Footprint is measured as follows: an individual's Eco-Innocent and/or Ego-Combatant Footprint refers to their [A] Consumption Footprint. Consumption/Carbon Footprints are measured in accordance with the Ehrlich or I=PAT Equation: I = impact on the environment or demand for resources, P = population size, A = affluence and T = technology; multiplied by their [B] Procreation Factor: Every child increases a parents consumption footprint by a factor of twenty.

[7] Authorizing the Ecology of Peace definition of a procreation, consumption and/or deception crime of aggression act of war as international – Rome Statute of the International Criminal Court: Article 5.1.(d) crime of aggression – law:

[7.1] Any individual who is found guilty of consciously or unconsciously advocating on behalf of, legislating, enforcing, or obeying any – cultural, religious, common, statutory, constitutional, or international – clause of national or international law enabling or advocating on behalf of human procreation, consumption or production of resources above ecological carrying capacity limits, is guilty of the ‘crime of aggression act of war’.
